Any Collateral transferred by you to Mitrade or held by Mitrade on behalf of you is pledged as a security for any liability that you may have towards Mitrade. You warrant that all such Collateral are beneficially owned by you and are and will remain free from any lien, charge, security interest and other encumbrance. In any case, the parties to such joint account shall each be jointly (together) and severally (individually) liable.
- (6) No one except you has an interest in your account with Mitrade opened for the purposes of this Client Agreement.
- (7) Prior to approving your account, you must have successfully completed the suitability assessment to Mitrade's satisfaction. Notwithstanding this, Mitrade reserves the discretion to deny establishing an account for any person without needing to justify that decision to that person.
- (8) We also assess your client classification from time to time. If you satisfy the criteria to be classified as a professional client, we may classify you as such, upon prior notice .
- (9) You acknowledge that we may require information from you from time to time to comply with the AML/CTF Regime. By submitting an Application Form, opening an Account or transacting with us, you undertake to provide us with all information and assistance that we may require to comply with the AML/CTF Regime.
- (10) We may pass on information collected from you and relating to transactions as required by the AML/CTF Regime or other applicable laws and regulations and we are under no obligations to inform you that we have done so. We may undertake any such anti-money laundering and other checks in relation to you (including sanction and countries list) that we deem necessary or appropriate, and we reserve the right to take any associated action without any liability whatsoever to you.
- (11) You also warrant that:

 - (ii) the proceeds of your investment will be used to finance any illegal activities.

- (12) The following figures on your Account are calculated on real time and are detailed as follows:

Balance: (which does not include the unrealised P&L of the current open positions)

= Deposits -Withdrawals + Realised Total P&L of closed positions (but does not include the unrealised P&Ls on the open positions)

Initial Margin: (for each position)

= Initial Margin percentage rate x Contract Quantity x opening price of position

Maintenance Margin: (for each position)

= Initial Margin x 50%

Available Balance: (which means amount available to be used for new positions or to withdraw)

= Balance + Unrealised Total P&L on open positions + total Overnight Funding charged for all applicable open positions – Total of Initial Margins

Net P&L: (which means the profit and loss for all open positions)

= the total of (P&L + Overnight Funding charged on all open positions)

Equity: (which means the current account valuation when all positions are liquidated)

= Balance + Net P&L

Your 'Available Balance', 'Net P&L' and 'Equity' are constantly calculated in line with the market movements. If the 'Equity' touches or falls below the total Initial Margin requirement you will receive an alert when you log onto your Account and your positions are at risk of being liquidated. If the 'Equity' falls below the total Maintenance Margin requirement your positions are at immediate risk of being liquidated.

It is your responsibility to ensure that your account is sufficiently funded at all times, especially during volatile periods.

- (13) Currency Conversion

If any of your positions are denominated in a currency other than the Base Currency of your Account, the unrealised P&Ls will be continually valued in your Base Currency based on the applicable Mitrade foreign exchange rate. Your statement will then also value all your positions in your Base Currency.

7. CLIENT MONEY

- (1) We deposit any funds paid by you into our trust account, which is an account operated separately from our own house funds account.
- (2) All money paid to us by you or a person acting on your behalf, or which is received by us on behalf of you, will be held by us in one or more segregated trust accounts with an approved bank. Such segregation of your money does not protect your money from the risk of loss arising from Mitrade's inability to pay back part or the full amount owed to you. These moneys do not constitute a loan to us and are held on trust by us. You agree and acknowledge that individual Accounts of our clients are not separated from each other within the segregated trust accounts operated by us and that your moneys may be co-mingled with our other clients' moneys, and that we will not be liable for the insolvency or any act or omission of any banks holding the trust accounts. Furthermore, you understand the possible risks of this as explained in the Risk Disclosure Notice, that you have received or downloaded.
- (3) We may hold Client Money on your behalf in an account with an approved bank or permitted third party which may be located inside or outside of South Africa. Client Money held at permitted third party is for the purpose of your CFD transactions. Any such account will be segregated from any account in which our own money or assets is held with the bank or third party and may be subject to set-off rights of the bank or third party. The legal and regulatory regime applying to any bank, or third party located outside the South Africa may be different from that of South Africa. You should consider seeking independent legal advice if you are concerned by the implications of money being held with an approved bank or third party which may be located inside or outside of South Africa.
- (4) Unless expressly notified, we shall deem you to be a retail client. We reserve the right to review your account and reclassify you as a different client classification (e.g., professional client) at our absolute discretion. We will not use client money to margin, guarantee, secure, transfer, adjust or settle dealings by us or on behalf of people other than you.
- (5) Your client money may only be withdrawn from the segregated client trust account in the following circumstances:
 - (a) where you are entitled to the money and have submitted a valid, written request to withdraw the funds that has been accepted by us;
 - (b) where a fee or charge or interest has accrued on your account with us;
 - (c) where required by law or in compliance with the Operating Rules of a licensed market; and
 - (d) where you have accrued a realised trading loss on your account.

Where the withdrawal is for any liability owed, we reserve the right to withdraw that amount at any time, in our sole discretion.
- (6) Positions are marked-to-market with payments being settled daily to account for market movements. This means that the aggregate net unrealised and realised profit accruing to clients shall be transferred into the client trust account as at the end of each business day. You also authorise and consent to the aggregate net unrealised and realised client loss to be transferred out of the client trust account by Mitrade. Mitrade reserves the right to withdraw funds to which it is entitled from the client trust account at their leisure.
- (7) We are required to comply with various record-keeping, reconciliation and reporting obligations in relation to all client money held in the client money trust bank account. Under these rules, we must:
 - (a) Keep records of retail and sophisticated client money received and retain such records for at least 5 years;

- (b) Perform a daily and monthly reconciliation of the client money on our accounts with the client money held in the client money trust;
- (c) Establish, implement and maintain policies and procedures
- (8) Once withdrawn from the client money trust account, monies shall accordingly be treated as the legal and beneficial property of Mitrade, subject to an obligation by Mitrade to transfer an equivalent back to Client in accordance with their rights under this Client Agreement.
- (9) Whilst we remain ultimately responsible for the client money segregation, protection and handling of the client money, certain functions unrelated to the provision of financial services may be handled by our service provider or affiliated companies in certain jurisdictions. These services include payment processing.

8. MULTIPLE ACCOUNTS

- (1) You may open multiple accounts denominated in different currencies by using different email address details. The operation of multiple accounts may mean that you incur additional costs.
- (2) You may open opposite positions in the same currency cross (for example) on the same account. Such positions will not cancel (close) each other out. You are specifically made aware that unless closed manually, all such positions may be rolled over on a continuous basis and thereby consequently all incur a cost for such roll-over.
- (3) Keeping opposite positions open on different accounts will result in both positions being continuously rolled over (and thereby continuously being charged the applicable Overnight Funding Fee) until manually closed.
- (4) If you have opened more than one account, Margin or Collateral deposited on one account will not automatically serve as Margin coverage on the other Account(s). You may therefore receive Margin Calls and Closed Outs on one Account despite having additional collateral available on other Accounts. It is your sole responsibility to manage your available Margin or Collateral to satisfy your margin obligations.
- (5) However, if you have deposited money or Collateral on one Account, Mitrade may (but without creating an obligation to do so), transfer money or Collateral from one Account to another, even if such transfer will necessitate the closing of margin trades on the Account from which the transfer takes place.
- (6) Where you have opened more than one Account with us, we will treat your Accounts as entirely separate except as otherwise expressly provided in these Terms. Any amount standing to your credit on one Account does not, except where we exercise our rights under this Client Agreement, discharge any of your liabilities in respect of another Account.
- (7) Where you request in writing, we may, in our absolute discretion, agree to treat your Accounts as one Account. In this case, all references to your Account in this Client Agreement are taken to be your aggregated Accounts. Such a request, if agreed by us, takes effect on the date we notify you, which is to be no later than 7 days from the date of our receipt of your request.

Where positions remain open for more than 7 days following our requirement for you to close them out, we may close such positions on your behalf at the last available price. Mitrade reserve the right to provide a shorter notice period or no notice at all.

13. AUTHORISATIONS AND ORDERS

(1) Orders

- (a) You may communicate your instructions to Mitrade via the on-line trading facility. Faxed or email orders will not be accepted unless expressly agreed upon, pursuant to a prior written arrangement between Mitrade and you.
- (b) Mitrade reserves the right, at its sole discretion and without explanation, to refuse to deal on behalf of you in relation to any over-the-counter Financial Products or to limit the number or size of open positions held on behalf of you or both. Mitrade will inform you of any refusal before or as soon as practicable after such refusal.
- (c) In consideration of Mitrade agreeing to accept instructions from the trading facility, email (or other written) instructions from you, Client acknowledges that Mitrade has sole discretion whether to accept or reject orders without explanation.
- (d) We may, in our sole discretion, allow you to specify a Closing Price for a position through a Stop Loss and Take Profit order, subject to any terms and conditions we may implement from time to time.
- (e) Upon your offer and our acceptance of your Order, you hereby authorize us to close the position at the Stop Loss price or Take Profit price, as applicable, and as agreed in the Order, without further instruction from or notification to you. We may, in our sole discretion, close the position when the price quoted by us on the Mitrade Platform equals or exceeds the price accepted by us for such an Order.
- (f) We may, in our sole direction, allow you to request the opening or closing a position, including a Stop Loss and Take Profit Order, within a specific time period determined by you. If we have accepted such a request, we may in our sole discretion, close the position within such specific time period. You acknowledge and agree that we shall not be obliged to close such position outside such specific time period or which does not other comply with any other limitations agreed upon with respect to such position.
- (g) We may, in our sole discretion, accept an offer to place a trailing stop in relation to a Stop Loss. You acknowledge that the original price level set forth in a Stop Loss may be amended as the market on the Mitrade Platform moves in your favour. Whilst your trailing Stop Loss is still in effect, you agree that each change in the market by at least one pip in your favour shall constitute a new offer by you to raise the level of your trailing Stop Loss by one pip. Changes in a Pip will be rounded to the nearest absolute value in your base currency.
- (h) You acknowledge and agree that due to market volatility and factors beyond our control, we cannot guarantee that an Order will be executed at the level specified in your Order, for example, an Order may be closed at a worse price than as originally specified by you in such an Order. In such an event, we will close the position at the next best price. For example, with respect to a Stop Loss, in the case of a long position, the price may suddenly decrease below the Stop Loss price, without ever reaching the specified price. In the case of a short position, the price may suddenly increase above the Stop Loss price, without ever reaching the specified price.
- (i) With respect to a Take Profit, where the price for the Underlying Instrument moves to your advantage (for example, assuming you have a long position, if the price goes down as you buy or the price goes up as you sell), you agree that we can (but we are under no obligation to) pass such price improvement on to you. For example, in the case of a long position, the price of the Underlying Instrument may suddenly increase above the Take Profit price, without ever reaching the specified price. In the case of a short position, the price of the Underlying Instrument may suddenly decrease below the Take Profit price, without ever reaching the specified price.
- (j) Where errors have occurred in price quotes provided by, or the pricing of transactions quoted by Mitrade to you, Mitrade reserves the right to not be bound by such a quote or transaction where Mitrade is able to substantiate to you that there was a material error at the time of the quote or transaction. Where this occurs in relation to the initial purchase of a Financial Product, Mitrade will not issue (or if already issued will cancel) the contract and refund your money accordingly. Where this occurs in relation to a price quote for an existing position, Mitrade will re-issue the price quote accordingly.
- (k) Mitrade will not be liable to you or any other party should it act on instructions that are unauthorised, forged or fraudulently given. All instructions shall be deemed to have come from you.
- (l) You shall be responsible for all orders, and for the accuracy of information, sent via the internet using your name, password or any other personal identification means implemented to identify you.
- (m) You are obliged to keep all passwords secret and ensure that third parties do not obtain access to your trading facilities.
- (n) Mere transmission of an instruction by you shall not constitute a binding contract with Mitrade until your offer is accepted by Mitrade via the Confirmation (for the avoidance of doubt, a binding contract may still exist notwithstanding the failure to receive a Confirmation).
- (o) You will execute or otherwise authorise Mitrade to execute all such agreements as required to enable the provision of the services contemplated in this Client Agreement.
- (p) You shall promptly provide any instructions to Mitrade, which Mitrade may require. If you do not provide such instructions promptly Mitrade may, in its absolute discretion, take such steps at your cost, including but not limited to the closing out of any open positions, as Mitrade considers necessary or desirable for its own protection or the protection of you. This provision also applies in situations when Mitrade is unable to contact you.
- (q) In general, Mitrade shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act within a time frame reasonable seen in the context of the nature of the instruction. However, if after instructions are received, Mitrade believes that it is not reasonably practicable to act upon such instructions within a reasonable time, Mitrade may defer acting upon those instructions until it is, in Mitrade's reasonable opinion, practicable to do so or notify you that Mitrade is refusing to act upon such instructions.

(2) Authorisations

- (a) If and only if you are a legal entity other than a natural person, you may authorise an employee, contractor, officer or other representative (Authorised Person) to give instructions (via the agreed methods) on your behalf and Mitrade is entitled to act upon instructions which are or appear to be from you or any Authorised Person. It is your responsibility to notify Mitrade in writing immediately if there is any change to the Authorised Person list provided pursuant to this Client Agreement.
- (b) Persons may only be appointed as Authorised Persons where they are an employee, contractor or officer of a corporate Client.

- (c) Mitrade will accept instructions from an Authorised Person but is under no obligation to enquire as to the identity of any person providing the instruction. Mitrade may act on instructions received from any person who appears to Mitrade to be an Authorised Person whether or not such person is listed as an Authorised Person. Mitrade will not be liable for any properly performed action or omission in reliance on that instruction.
 - (d) Authorisation to third parties by natural person accounts is prohibited. Mitrade does not advise on, deal in or provide managed discretionary account services.
- (3) Authorisations and instructions provided via the on-line trading facility.
- (a) Mitrade will not be deemed to have received any order or communication until Mitrade has actual knowledge of any such order or communication. The terms of any order or communication electronically transmitted to you may be subject to change or correction. Any instruction sent electronically shall only be deemed to have been received and shall only then constitute a valid instruction when such instruction has been recorded as executed by Mitrade.
 - (b) You acknowledge and warrant that you have received a password granting you access to the on-line trading facility, you are the sole owner of the password provided and you accept full responsibility for any transaction that may occur on an account opened, held or accessed through the use of the password provided to you by Mitrade, even if such use may be unauthorised or wrongful. You agree to accept full responsibility for the use of the on-line trading facility, for any orders transmitted through the on-line trading facility and for all communications and the accuracy of all information sent via the on-line trading facility using your name, password or any other personal identification means implemented to identify you.
 - (c) You warrant and agree that any person who is in possession of any password is authorised by you, and you acknowledge that you will be responsible for any actions on your account associated with the use of your password.
 - (d) You agree to notify Mitrade immediately should you become aware of any unauthorised use, loss or theft of your username, password or account numbers; or inaccurate information with respect to the content of statements including, cash balances, open positions or transaction history.

14. ENTERING INTO A TRANSACTION

- (1) You may request on any given Business Day, via the trading platform, email or otherwise, for Mitrade to quote a price. You acknowledge that a price quotation pursuant to this request does not constitute an offer to transact.
- (2) Upon receiving the quote from Mitrade, you may via the trading platform, email or otherwise, place an order.
- (3) Mitrade is in no way obliged to accept your order for the Financial Product transaction and, without limitation, has absolute discretion not to accept your order, if you have exceeded or would exceed a predetermined limit imposed on you under this Client Agreement; or until Mitrade has received from you the Initial Margin where required, in the form of cleared funds. Mitrade will promptly advise you, should Mitrade decide not to accept your order.
- (4) If not already received from you, the Initial Margin will be payable to Mitrade upon acceptance of the order.
- (5) Should Mitrade accept your order, Mitrade will issue to you an email Confirmation 1 to 2 business days after the Financial Product transaction has been entered into. Regardless of the fact that the on-line trading facility might confirm that a contract is executed immediately when you transmit instructions via the on-line trading facility, the email Confirmation forwarded by Mitrade constitutes official Confirmation of a contract. Failure by Mitrade to issue a Confirmation will not prejudice or affect the relevant Financial Product transaction. Mitrade will not bear any liability whatsoever resulting from the failure to issue a Confirmation.
- (6) For the avoidance of doubt, a Confirmation is provided on a transaction by transaction basis 1 to 2 days after the transaction in the form of an email from Mitrade. The Confirmation will contain your account details, date of the transaction, description of the transaction, amount payable and any taxes or stamp duty applicable to the transaction.
- (7) You agree to examine the terms of each Confirmation immediately upon receipt and you agree that the contents of the Confirmation, in the absence of manifest error, will be conclusive evidence of the executed deal, unless within 48 hours of issue of a Confirmation you notify Mitrade of any disputed detail in the Confirmation received by you. Upon receipt of written notice within the 48 hour period of the disputed detail, Mitrade will investigate the dispute and with your co-operation, will endeavour to resolve the dispute. Notwithstanding any such dispute, you will continue to satisfy any obligation including but not limited to the obligation to pay Margin Calls made by Mitrade in respect of the transaction as if the Confirmation was correct and its details were not the subject of dispute.
- (8) In its absolute discretion, Mitrade reserves the right to limit the value of Financial Product transactions you may enter into under this Client Agreement. Should you wish to enter into any further Financial Product transactions, you must seek and obtain approval from Mitrade, which Mitrade may grant or refuse in its absolute discretion.
- (9) Orders may be placed as market orders to buy or sell an instrument as soon as possible at the price obtainable in the market, or limit and stop orders to trade when the price reaches a predefined level, as applicable to the various instruments offered. Limit orders to buy and stop orders to sell must be placed below the current market price, and limit orders to sell and stop orders to buy must be placed above the current market price. If the bid price for sell orders or ask price for buy orders is reached, the order will be filled at the price obtainable in the market and when Mitrade is able to fully hedge the transaction with its hedge counterparties on a back to back basis. Limit and stop orders are thus not guaranteed executable at the specified level or amount, unless explicitly stated otherwise by Mitrade.
- (10) If you provide Mitrade with standing instructions to enter into a Financial Product transaction when a particular price level is reached in the market of the Underlying Instrument, you acknowledge that the price at which the Financial Product transaction is entered into may not be the same as the price requested by you due to factors which may be beyond the control of Mitrade.

15. EXECUTION OF ORDERS

- (1) Mitrade undertakes and you acknowledge that in respect of dealings in the Financial Products, and in compliance with the applicable Governing Laws and regulations and exchange Operating Rules requirements, Mitrade shall execute all dealings in the sequence in which they are received and recorded, unless in Mitrade's discretion it would be fair and equitable to allocate such contracts on a different basis.
- (2) Upon your request Mitrade shall provide you with contract notes and monthly statements.
- (3) It is the responsibility of you on receipt to carefully check all Confirmations and statement documentation (whether received/ accessed electronically or otherwise) and to bring any errors or omissions to the attention of Mitrade in writing within 48 hours. In the absence of such written objection, the contract notes and monthly statements shall be deemed correct in all respects.
- (4) Mitrade may, in its absolute and sole discretion, execute a Stop Loss order in relation to any contract where there are reasonable grounds to believe that subsequent price movements may be adverse to you. Mitrade shall not be liable to you for any failure to exercise this discretion. A stop loss order is triggered when you have a short position and the contract is traded at or above the stop loss price; or when you have a long position and the contract is traded at or below the stop loss price. Once a stop loss order is triggered or executed, it becomes a market order and Mitrade shall use its reasonable endeavours to execute the market order. The acceptance of a stop loss order is not a guarantee or representation by Mitrade that the stop loss order can be executed at the stop loss price.
- (5) Mitrade may at its discretion, aggregate your orders with orders of associates and/or persons connected with Mitrade including employees and other clients. In addition, Mitrade may split your orders. Orders will generally be aggregated or split where Mitrade reasonably believes it to be in the overall best interests of Clients, but you acknowledge that on some occasions the consequence of the aggregation or splitting may result in a less favourable price than your order having been executed separately.

16. PAYMENTS AND MARGINS

- (1) You agree and acknowledge the following.
 - (a) Mitrade may advise you of the need to provide an Initial or Maintenance Margin by way of the payment of money, or (if Mitrade so agrees) the lodgement of Collateral, in such amount as determined by Mitrade in its sole discretion, feels is necessary to protect itself from the personal obligation incurred by dealing in the Financial Products. Prior to entering into a Financial Product transaction, you must deposit cleared funds. Refer to clause 7 for more information on how cleared funds are held by Mitrade. The amount required by Mitrade and the time at which it is required will be at the absolute discretion of Mitrade. Mitrade is not obliged to permit any offset of any amounts of money or Collateral so required by Mitrade.
 - (b) Where you enter a transaction you will be required to pay an Initial Margin (an initial deposit/up-front payment). An Initial Margin means an amount of collateral that is required from you as security to enter into a Margin position. We will require an Initial Margin calculated as a percentage of the Contract Value at the time of entering the Transaction. The Initial Margin will vary depending on various factors such as but not limited to, the type of product you trade, market volatility and the liquidity of the Underlying Instrument on which the product is based and is determined at Mitrade's discretion. In some circumstances, you may be able to select the amount of Initial Margin percentage you would like to have for that specific product.
 - (c) Mitrade reserves the right to change the Initial Margin Percentage in its sole and absolute discretion from time to time. This may (but is not necessarily) be due to changes in the volatility of the market or the perceived risk of the specific CFD. It is therefore vital that you frequently monitor the website and the trading platform for any such changes. Where a change in Initial Margin Percentage occurs, an email and/or push notifications may be issued (where your Equity is above 100% of Total Initial Margin), informing you of the new rates which will apply to both existing and new Positions. Such changes to Initial Margin Percentage may trigger a Margin Call if you have not met the new margin requirement, and in this case, a separate Margin Call email may be sent to you. You will be prevented from opening any further exposures on your Account and Mitrade will have the discretion to close out your open Position unless and until the new Initial Margin amount is paid to Mitrade in cleared funds for all your open Positions. This figure is calculated as the new Initial Margin percentage multiplied by the Contract Value as at the date of the Margin Call. In all respects, time shall be of the essence for all payment obligations of you. In order to maintain your open positions, you are required to keep sufficient Equity on your Trading Account to meet the Maintenance Margin. This is a requirement to maintain Equity above 50% (or as amended on the website from time to time) of the Total Initial Margin required on the entire Account. If Equity touches or falls below the Maintenance Margin level, Mitrade shall be entitled to close out your positions in its sole and absolute discretion, regardless whether you received any prior Margin Calls.
 - (d) Mitrade reserves the right to change the Maintenance Margin level in its sole and absolute discretion from time to time. This may (but is not necessarily) be due to changes in the volatility of the market. It is therefore vital that you frequently monitor the website for any such changes. Where a change in Maintenance Margin occurs, an email notification may be issued to you (even where your Equity is above 50% of Total Initial Margin), informing you of the new Maintenance Margin level. Such changes to the Maintenance Margin level may trigger a Margin Call if you have not met the new margin requirement, and in this case, a separate Margin Call email may be sent to you. You will be prevented from opening any further exposures on your Account and Mitrade will have the discretion to close out your open positions unless and until the new Maintenance Margin amount is paid to Mitrade in cleared funds for all your open positions. This figure is calculated as the new Maintenance Margin Percentage multiplied by the Total Initial Margins paid into the Account.
 - (e) Margin Calls will be made on a net Trading Account basis i.e. should you have several open positions, then Margin Requirements are calculated across the group of open transactions. A first Margin Call will be triggered once Equity falls below 100% of the Total Initial Margin paid in the Account. Should Mitrade decide to issue a Margin Call in this instance, your Account will be prevented from opening any further exposures. Mitrade shall be entitled to close out your positions without further notice unless and until you increase Equity in the Account back above 100% of the Total Initial Margins paid. Deposits must be received as cleared funds.
 - (f) A second Margin Call will be triggered once Equity falls below 75% of the Total Initial Margin paid in the Account. A third Margin call will be

triggered once Equity touches or falls below 50% of the Total Initial Margin (i.e. the total Maintenance Margin) on your Account. Should Mitrade issue a third Margin Call in this instance, you will be notified of Mitrade's rights to close out your positions due to your breach of Maintenance Margin has been enlivened and that your positions are at imminent risk of close out.

- (g) Mitrade has no obligation to issue any Margin Call. It is your sole responsibility to frequently check your Margin Requirements in your Account. You acknowledge that Mitrade may close out your positions without further notice once your Equity touches or falls below the Maintenance Margin level regardless whether you have received a Margin Call or not. It is your responsibility to ensure you have sufficient Maintenance Margin and Initial Margin prior to opening any new exposures, regardless whether you have received a Margin Call or not. Given the dynamic nature of financial markets you may in practice wish to deposit a slight buffer in addition to making up the shortfall, in case your positions move against you.
- (h) Any exercise by Mitrade of any power or right under this clause, including, without limitation, the calling of Margin, shall be binding on you.
- (i) Where you trade via the trading platform, we will notify you of Margin Call via 'pop-up' screens on the trading platform (despite that we are under no obligation to do so), and you are required to log-in to the system when you have open positions to ensure you receive notification of any such Margin Calls. It is your sole responsibility to monitor and manage your open positions and exposures and ensure Margin Calls are met as required.
- (j) Where you have not checked the trading platform for Margin Call notifications, all margined positions may be closed out by Mitrade, without further reference to you.
- (k) This process may be executed either by our automated Close-Out Monitor ('COM') system or, at our discretion, by our dealing desk, which may Close Out some or all open Positions until the Maintenance Margins on your Account are fully covered by Equity. When closing Positions, we will act on a best-efforts basis, starting with Positions that have the largest running losses, followed by those with the smallest profits, while applying a First In First Out ('FIFO') policy for Positions with the same running losses or profits. Exceptions may apply based on market conditions and other factors, including but not limited to accounts holding multiple Positions, whether or not stop orders are in place. Please note that any open Positions are at risk of being closed out once your Account falls below the Maintenance Margin, and position closures will only occur when the market is open; no closing of Positions will take place while the market is closed.
- (l) You are responsible to pay any deficit owing to Mitrade after closure of positions, and if you default or refuse such payment, Mitrade may apply the proceeds of any assets held by Mitrade against that deficit.
- (m) A Margin Call will not be considered to have been met UNLESS AND UNTIL cleared funds have been received by Mitrade in the nominated account.
- (n) Should you fail to meet a Margin Call, Mitrade may without prejudice to any other rights or powers under this Client Agreement, and in its absolute discretion, close out, without notice, any or all of your over-the-counter Financial Product contracts and refuse any request by you to enter into any further contracts.
- (o) No credit shall be extended directly or indirectly to you by Mitrade, unless otherwise agreed in writing.
- (p) Subject to you meeting all Margin obligations, Mitrade may permit you to withdraw from its account any excess Equity.
- (q) Your obligations under this Client Agreement and under or in respect of any other Account between Mitrade and you may be applied against any amounts you hold in the Mitrade client trust account. Until all your obligations to us are satisfied, your funds in the client trust account will not constitute a debt due from Mitrade to you nor will you have any right to receive payment of these funds.
- (r) Where possible, we will ordinarily remit money in the same method and to the same source from which it was received. We reserve the right to decline or cancel a withdrawal request with a specific payment method and suggest another payment method for which you will need to proceed with a new withdrawal request and supply further supporting documentation, upon request, for our internal checks and proper processing of the withdrawal request.
- (s) Withdrawals from your Trading Account are carried out by us within a minimum of one (1) business day and up to three (3) business days upon receipt of the withdrawal request. Please note, however, that withdrawals may be subject to additional processing time depending on the procedures of the third-party payment providers, the banking institutions and the jurisdictions in question. Withdrawals may be subject to further delays if a security review is undertaken by third-party payment providers or by us. Upon you submitting the withdrawal request, the request is processed and the requested withdrawal amount will be deducted from your Trading Account balance. During such time and until the withdrawal request is in the status 'Pending', the withdrawal request can be cancelled by you and the requested withdrawal amount will be added back to your Trading Account balance. However, if the withdrawal request is in the status 'Processing', the withdrawal request can only be cancelled by Mitrade and if such request has been processed we are unable to cancel the withdrawal.
- (t) Should your country of residence have or enact regulations or laws which restrict the use of currency or require you to report receipts and payments of that currency to a regulator or legal authority, you agree that you will fulfil any reporting obligations or obtain any required consents or approvals which may arise as a result of your use of the Trading Platform or associated transactions.

17. MAINTAINING AND CLOSING A TRANSACTION

(1) Closing a CFD

(a) You agree and acknowledge that:

- (i) At any time, you may give Mitrade via the trading platform, email or otherwise notice of your intention to close any CFD (whether in whole or part) by specifying the Underlying Instrument and the proportion of the CFD that you wish to close.
- (ii) Upon receipt of a Closing Notice, Mitrade shall use reasonable endeavours to provide a quote for the Closing Price and notify you of that quote (by email or otherwise). It is your obligation to notify Mitrade as soon as possible (by email or otherwise) as to whether you are willing to offer to close at the Closing Price. Should Mitrade accept the Closing Price, the CFD, or relevant portion of the CFD, will be closed on the Closing Date.
- (iii) If a company, whose security represents all or part of the subject matter of a CFD, becomes externally administered, the CFD is taken to have been closed at the time that such administration commences. The Closing Price shall be determined by Mitrade who may have regard to any factors it considers appropriate including, for example, the last traded price of the Underlying Instrument.
- (iv) Without limiting Mitrade's discretion, if any of the Underlying Instruments cease to be quoted on a Relevant Exchange, or are suspended from quotation, or subject to a trading halt for 5 or more consecutive Business Days (or such other time as Mitrade may reasonably determine), Mitrade may, in its absolute discretion, elect to terminate the relevant CFD by providing written notice to you.
- (v) It may not be possible to close out a CFD if there is a suspension or trading or a trading halt in respect of the Underlying Instrument. In such a circumstance, Mitrade may decide, in its absolute discretion, not to close a CFD and/or provide a re- pricing of the position.
- (vi) As at Business Close on the day that a CFD is closed out, Mitrade will calculate the remaining payment rights and obligations between you and Mitrade based on the difference between the Closing Value and the Contract Value at the time it was entered into and taking into account any Margin which has already been debited from or credited to your Account in respect of that CFD.
- (vii) All determinations and calculations made by Mitrade pursuant to this Client Agreement will be binding on you.

(2) Payments for Difference

(a) You agree and acknowledge that:

- (i) Following Business Close on each Business Day during the term of an open CFD, Mitrade will determine at Business Close the Contract Value of the CFD.
- (ii) If the Contract Value determined is higher than the Contract Value determined in respect of the Business Close on the previous Business Day, then the Short Party must pay to the Long Party the difference.
- (iii) If the Contract Value determined is lower than the Contract Value determined in respect of the Business Close on the previous Business Day, then the Long Party must pay to the Short Party the difference.
- (iv) The Contract Value at Business Close on the Business Day on which the CFD is entered into is determined by Mitrade in its discretion.
- (v) The Contract Value determined under clause 17.1(a) will ordinarily be the closing price of the Underlying Instrument quoted by the Relevant Exchange. Where Mitrade determines that the Contract Value of a CFD at Business Close cannot be determined on that basis for any reason, the Contract Value will be the value determined by Mitrade in its sole discretion.
- (vi) Without limiting sub-clause(v), if at any time trading on a Relevant Exchange is suspended or halted in any Underlying Instrument, Mitrade will, in determining the Contract Value, at its discretion have regard to the last traded price before the time of suspension or halt.

(3) Settlement of Positions

(a) You agree and acknowledge that:

- (i) payments to be made to you with respect to any CFD will be made in accordance with this clause;
- (ii) when a payment for difference is made, or a CFD is closed out in accordance with this Client Agreement Mitrade will credit to your Account any amount payable by Mitrade to you;
- (iii) you must (subject to sub-clause (ii)) pay to Mitrade any amount payable by you to Mitrade in such currency as Mitrade may require in cleared funds within 24 hours of being advised of the amount so payable;
- (iv) if there is then sufficient Margin, any amount owing by you under this clause may be settled in whole or in part by debiting your Account;
- (v) Mitrade reserves the right to offset any money owed to you under this Client Agreement or any other agreement against any money owed by you under this Client Agreement or any other agreement; and
- (vi) if you have requested payment of any money owed to you under this clause, Mitrade will deduct any funds eligible for withdrawal from your Account and pay it to you by cheque or in such other manner as may be agreed between Mitrade and you. If you have not requested payment of any money so owed to you it will be retained in your Account.

(4) Interest adjustments

- (a) Interest payments owing in respect of borrowings by the Long Party under a CFD or in respect of borrowings by Mitrade from the Short Party under a CFD shall accrue and be payable on a daily basis at Mitrade's prevailing rates of interest (determined at Mitrade's sole discretion from time to time), and shall be settled by Mitrade by debiting or crediting your account with the daily interest rate differential between the amount of interest payable by you and the amount of interest payable by Mitrade to you. In the event that there is insufficient Margin in your account, you acknowledge that any amount due under this clause is a debt due and owing by you to Mitrade.
- (b) In debiting or crediting interest to your account, Mitrade may charge or pay you interest at a rate different to the interest rate which Mitrade is charged or paid on equivalent borrowings of foreign currency (or otherwise) by a bank or counterparty and may retain the difference.

 - (e) Unless we have agreed with you otherwise, your account will, by default, be set to immediately convert non-Base Currency balances standing on your Account to your Base Currency. This means that following a non-Base Currency position being closed, rolled over or expiring, the profits or losses from that position will be automatically converted to your Base Currency and posted to your Account in that Base Currency. We will also by default automatically convert any non-Base Currency adjustments or charges (for example funding charges or dividend adjustments) to your Base Currency, before such adjustments or charges are booked on your Account and we will automatically convert any money received from you in a non-Base Currency into your Base Currency.
